Hi, Kerry! ☺

Thanks so much for all your work in coordinating our breakfast this morning. It really went well, and we got lots of compliments about it!

I also wanted to say that two women went out of their way to be helpful. Gen was really kind and thoughtful...asked if I had had a chance to eat and if I enjoyed it. I told her that I had really enjoyed the biscuits—and she wrapped a couple up for me to take with me. Dinah took time to help me get the flowers to my car...brought them right out to me. Both just went beyond their duties to be nice and helpful, and I really appreciated it.

Thanks again...I look forward to scheduling another event there in the future.
